

ALL eight Louisiana schools using JBHM Education Group's School Improvement services improved in 2004-05.

Growth in School Performance Scores (SPS)

- All eight schools had Growth SPS greater than the Baseline SPS.
- Four schools had Exemplary Growth, while four had Minimal Academic Growth.
- One school (School 7) was negatively impacted by testing irregularities.

Adequate Yearly Progress

- Seven schools made AYP goals for the 2004-05 school year in all subgroups in both Language Arts and Mathematics.
- One high school did not make AYP as a result of the subgroup scores for Students with Disabilities in both Language Arts and Mathematics.

Performance Labels

- Six schools were identified as One Star, and one school improved its Two Stars status.
- One school was identified as Academically Unacceptable even though it grew greater than the state average and made AYP for all subgroups.
- Four schools were not in Academic Assistance (AA) or School Improvement.
- Two schools remained in Academic Assistance (AA), formerly called School Improvement 1 (SI1).
- One school entered School Improvement 2 (SI 2).
